

SCHOOL LUNCH WEEK

NOW PLAYING: National School Lunch Week 2020
October 12-16

President John F. Kennedy created National School Lunch Week in 1962 to promote the importance of a healthy school lunch in a child's life and the impact it has inside and outside of the classroom. This year also marks the **75th anniversary** of the National School Lunch Program! The NSLP serves nearly 30 million children every day. The COVID-19 pandemic has shown just how important school meals are for students and their families.

During this weeklong celebration, we will **"put the spotlight"** on hit menu items that students love.
